RAILROAD NEWS.

Topekans on Rock Island Agricultural Special.

Speakers-J. Will Kelley, H. L. Cook, T. A. Borman.

SCHEDULE IS

Stations With Time of Arrival Approved.

Other Items of General Interest in Traffic World.

Alvin T. Steinel, editor of the South-west Trail, published by the Rock Island Lines, is in Topeka, making arrangements for speakers who will travel on the dry farming special which the Rock Island is sending through the arid districts of Colorado, Texas, Okla-

arid districts of Colorado, Teas, Ordahoma, and western Kansas.

The men selected are I. D. Graham of the Kansas Farmer, who was formerly a professor at the State Agricultural college; J. W. Kelley, president of the Topeka Commercial club, who will speak on the business side of farming; Secretary H. L. Cook, who will represent the Kansas State Fair association; W. D. Ross, representing the state su-W. D. Ross, representing the state su-perintendent of public instruction; and T. A. Borman, president of the Conti-Creamery company, who will discuss dairying.

The train is operated for the Inter-

The train is operated for the International Dry Farming congress to introduce the dry farming methods that assure better crops. The train will reach Liberal, Kan., from the Texas Panhandle country at 7:30 o'clock. Thursday evening of this week, and in the few days following thousands of Kansas farmers will hear the lectures which will be given by experts. which will be given by experts.

The Rock Island announcements of the trip and schedules read as follows: "The Rock Island Lines will operate a special agricultural train on its lines a special agricultural train on its lines from Tucumcari, N. M., to Kanorado, Kan., April 19 to 25, 1911, to promote

Ran., April 19 to 35, 1911, to promote the growing of larger and better crops, particularly those crops that enrich the soll and are most profitable to feed.

"Lectures and demonstrations will be given free on this train by many of the best dry farming experts in securing large yields. These will be of interest to every man, woman and child along the route. The train will stop one hour at each station and the people will be at each station and the people will be seated in the cars to hear the lectures. "Farmers and Business Men. Lectures on the most practical methods of grow-

on the most practical methods of grow-ing larger crops. The methods needed for each locality will be considered. Ladles. Lectures of special interest to ladies who are urged to come and bring their families and to invite their neighbors. Schools Separate cars will be furnished for those attending schools and colleges. City schools should march to the train in a body. Directors of rural schools should arrange with tarmers to furnish teams and bring

teachers and pupils to the train.
"All business houses and schools should close twenty minutes before the train is due to arrive so that everybody can be at the depot on time."

RAILROAD PROHIBITS KISSING. No More Goodby Smacks at Omaha's

Omaha. Neb., April 19.—"Kissing at this gate is positively prohibited."

Painted in black, on a white ground, and in letters large enough to be read while you run, the foregoing notice has been posted at each of the passenger gates at the Union and Burlington railroad stations in this city. The notices have been posted on instructions from the respective denoturasters and

Burlington station by a bevy of young society girls of Omaha. The Burling-ton train rolled in from the east and the passengers hurried out of the depot.

Before the fourth kiss was planted. the train had gone and an angry crowd of a dozen or more persons who had been left were discoursing on the foolishness of kissing.

The next morning the no-kissing or-er went into effect at the Burlington ation, and a day later it appeared at the Union station.

MILLIONS ARE GOING WEST. Santa Fe Traffic Manager Waiting for Panama Exposition.

San Bernardino, Cal., April 19.—A million people will visit California during the Panama exposition in San Francisco and pass through San Ber-nardino either on the going or return-ing trip, according to W. J. Black, passenger traffic manager of the Santa Fe, who passed through San Bernardino the other day en route for Chicago, where his headquarters are estab-

lished.

As a matter of course the Santa Fe expects to secure its share of the travel from the east to California during the expoistion. A fortune will be reaped by that railroad because of the Santa Fe has the only steam line in operation into that city.

Not only through the travelence of the commission.

Not only through the transportation of the million people that will come to witness the expositions do the railroads expect to profit. The after resuits will mean as much. Large acres along the railroads now barren of cul-tivation will be settled and developed by the thousands who will make California their home, which will mean in

"The Santa Fe, like other transcon-tinental roads, has boosted for the ex-position because of the eventual prosposition because of the eventual pros-perity and immigration that it will mean to the west," said Mr. Black. "Great areas of land along the main lines of all the roads, now perfectly barren of cultivation, will find settlers as a result of the fair, which will give the transportation companies a veer as a result of the tall, manner a vast the transportation companies a vast amount of substantial business both in freight and passenger traffic that they never had before."

Keefe Assistant General Manager. Announcements have reached the Santa Fe general offices in Topeka that J. H. Keefe, who has been assistant to the second vice president an I general manager of the Gulf, Colorado & Santa Fe, has been appointed assistant gen-eral manager of the line, with head-quarters at Galveston. This appoint-ment was made by F. G. Pettibone,

second vice president, and approved by President Ripley. Keefe began his railroad career as an office boy for the Santa Fe in Galveston.

NEW LINE FOR OKLAHOMA. Stakes Out for New Line Dallas to Denver,

Guthrie, Ok., April 19.—The Sallisaw, McAlester & Southern railway, chartered about a year ago, was rechartered by the secretary of state during the past week, with \$100,000 capital, and with McAlester as head-quarters. This is what is known as the Cavanaugh road. The company contemplates building a line from Sallisaw in a southwesterly direction through the counties of Sequoyah. Haskell, Latimer and Pittsburg to McAlester, and thence south to Honey Grove, Tex., passing through the Oklahoma counties of Atoka, Pushmataha, Choctaw and Bryan, It is estimated the 190 miles will cost \$3,000,000.

Western Oklahoma counties are at

tempting to secure through that section of the state the proposed Denver & Dallas railroad, recently chartered in both Texas and Colorado, and intended to be the most direct line between the two cities named. Grade stakes are now being set between Denver and Lamar, Colc., and the work will be pushed southward. The road follows in Colorado and the Okwork will be pushed southward. The road follows in Colorado and the Oklahoma Panhandle the same route as was formerly contemplated by the now defunct Denver & Guif.

The grade of the Salina, Winnipeg & Guif is now being constructed between Salina and Pratt, Kan., and

from Pratt the proposed route south-ward is through Alva, Cherokee, Ringwood. Okeene, Omega. Okarche and Oklahoma City. The citizens of King and Kingfisher are trying to secure the line between Okeene and Okla-homa City. A line westward into New Mexico from Alva is also contem-

plated.
Calvin M. Locke of Abilene, Tex., president of the American Central Railroad company, is meeting with the business men of southwestern Oklahoma towns to interest them in his enterprise. Mangum, Elk City, Hollis and other cities in that locality will make bids. The road was graded south from Mangum two years ago.

BUSH PRESIDENT M. P. Gould Succeeds in Winning Over Kuhn,

Loeb Faction. New York, April 19.—Although forced out of the position himself, George J. Gould, opposing the Rockefeller-Kuhn-Gould, opposing the Rockeller Adm.
Loeb interests, caused the election.
Tuesday of B. F. Bush as president of
the Missouri Pacific raiway, defeating
David R. Francis, former governor of
Missouri. Mr. Bush is president of the

Missouri. Mr. Bush is president of the Western Maryland railway. The victory of the Gould faction was followed by the announcement of Kuhn-Loeb & Co.'s withdrawal as bankers for the system, and with the resignation of Paul M. Warburg, the company's repre-sentative on the board, and of Cornelius Vanderbilt, an ally.

Vanderbilt, an ally.

Edgar L. Marston, representing Blair
& Co., Fred T. Gates, representing John
D. Rockefeller, and E. D. Adams,
representative of the American representative of the American Deutsche bank, voted against Mr. Bush and it said will also resign, although

Kuhn, Loeb & Co. explained they did not favor Mr. Bush and because of his election, Messrs. Warburg and Vanderbilt feit "unwilling to share responsibility in the management of the comany under these circumstances."

Mr. Gould, in his statement, says:

"The board has, I think, made a wise choice in selecting B. F. Bush as president. He is familiar with conditions on the line and with the affairs of the company, gained while in its employ some years ago. I was much in-fluenced in my advocacy of his elec-tion by the results he has attained in his administration of the Western Maryland property and by the esteem in which I knew he was held by Mr. Rockefeller, who is so largely interested

While there was a heavy falling off in both car and locomotive orders dur-At one gate, the one which was the cause of the new orders, travelers were confronted by Falk and his girl friends. He first insisted upon imprinting a lingering kiss squarely upon the lips of one Omaha maiden. This being done, a second stepped up for a parting kiss and then a third and finally a fourth.

new cars were the largest since the rate decision was handed down. During the week orders were placed for 20 cars and 5 locomotives, as compared with 1493 cars and 24 engines the previous week and 759 cars and 57 locomotives two weeks ago. Specifications issued for new equipment last week came to 2,347 cars and 25 locomotives. By a fourth. Railroads of the country are publicly in the market for approximately 6,634 cars and 218 locomotives at present, and practically all these inquiries are believed to be bona fide requests for bids, which means that orders for this amount of equipment will be placed within the next few weeks. These cars will cost the railroads about \$5,870,000 and will require at least 52,000 tons of steel for their construction.

RAILWAY NOTES.

Net earnings of the Rock Island, Illinois Central and Wabash railroads last year on lowa business show decreases over the net profits of the year pre-

vious.

Efficiency of the department in which the railroad comes into closest contact with the public, that of ticket selling, is the aim of the Canadian Pacific management in sending out to heads of

The National Railways of Mexico has completed construction of its new steel bridge across the Rio Grande to con-nect Nuevo Laredo with Laredo, Tex. The new structure cost about \$250,000 gold and is of much heavier type than

the old bridge that it replaces.

Under a decision of the interstate commerce commission telegrams relating to shipments sent by the shipper to a carrier can not be lawfully paid by the latter unless so provided in a published tariff. If, however, the carrier sends a dispatch to the shipper and it relates to his traffic and his reply thereto pertains to business of the car-rier, the latter has the right to have it send at its expense.

Opening Contest.

RICKERT HELPS FIELD

Denver News: The third baseman of the Denver team got into hot water here today when he went to the postofflee for the mail. "Any mail for Mee?" he inquired of the authority. "For who?" asked that individual. "For who?" was the patient reply. The authority stuck his head well out of the window. "Well, who in blazes are you?" "Am Mee—Mee, Mee, M-E-E!" yelled Tommie, "and I can prove that I am Mee; now, get me my mail," and the authority had fallen at last. Temmie's epistles were handed to him. Denver News: The third baseman

Lee Quillen, the former Sioux City third baseman, whom Manager Hen-dricks has purchased to bolster the weak spot in the Grizzlies' infield, is one of the premier stickers in the Western league. His work as a batter included forty-three two-baggers and fourteen home runs. He scored 133 runs and purloined forty-five bases. As a fielder he also showed class, with an average of .882 for 140 games, having St. Paul.... 153 putouts, 180 assists and forty-five

St. Joseph Gazette: Believing that Charles A. Comiskey, owner of the Chicago Americans, to whom he gave Charles A. Comiskey, owner of the ing and it is probable the players will not be going at their best this week. The workout Tuesday was faster than any previous one, due to the generous portion of sunshine. The men worked hard with the sticks and expect to have their batting eyes polished into shape for the opener.

The addition yesterday of Rickert, the sun fielder from the Southern, cast a different look upon the outfield. While Moore likely will not announce his lineup definitely until the day of the game, Thomason very probably will be the center fielder with Breitenstein in left. Rickert s expected to report at Wichita, already in condition, and take the right garden.

On the infield there is only one question and that is first base. President Woodward offered to leave it to the ladies whether Sabrie or Whitney should get the sack but Moore would not waive his right to nominate. Anypossible, because the other clubs in the league would not waive on them."

Kansas City Star: "Red" Corriden who just got a taste of big league company, is another player on the team who is very anxious to go up again. "Red" scrambled a few eggs when he was with St. Louis last fall by allowing Lajoie to bunt a dozen or ers, and Alderman and Fugate, south paws, are a quartette not discounted anywhere on the circuit. Buchanan, Leak and Syfert are a good looking secondary force. Buchanan may prove to be the surprise of the squad. He knows how to pitch and has shown loss of ability in the exhibition games.

When he was with St. Louis and to bunt a dozen or so safely down his cowpath in a double-header. "Red" was only a child and didn't know better. He feels that he was slighted on account of the Lajoie episode, and he wants to go back next fall sure. "Red" and Shay of a slight argument over the salary clinically and the season.

the Omaha Western league club. CHURCH LEAGUE SATURDAY. Four Games Will Be Played Every

The Walnut Grove Methodists have not yet organized and the Euclid Avenue Methodists, scheduled to meet them, will play Paxico at Paxico instead.

Methodists, scheduled to meet them, will play Paxico at Paxico instead.

The managers of the eight clubs met last night at H. B. Howard's sporting goods house t'. make final arrangements for the season. One of the most important movements was the passage of a resolution to pay the umpires. His umps in the church league hereafter will receive \$2 a game. Each club will play every other three times, playing only on Saturdays. All the games will be played at Skene's park and four games will be the afternoon's attraction each Saturday. An admission of 10 cents will be charged the spectators to see the four contests.

THREE MATCHES APRIL 28. Three Falls.

There will be three great wrestling matches at the Grand opera house April 28. Every match will be a finish match, the best two out of three falls, catch as catch can. This being the last wrestling match of the season, there is being nothing left undone to make this the best. Becker is train-ing hard and he feels confident that he will be able to throw Westergaard when they appear here. Westergaard is a great big giant and is considered one of the best men in his class traveling today.

Holton Wing From Seneca. Holton, April 19 .- In a 10 inning game which resulted in a final score of 8 to 7, the Holton high school de-feated the Seneca high school in a baseball game here Tuesday after-noon. There were many errors in both sides and Holton won by its batting. The batteries were: Holton, Schlimmer, Smith and Reboul; Seneca, Sheldon and Adams. Umpire Ber-

Ottawa Loses 10 to 1 Ottawa university 10 to 1. A score on an error in the last inning saved the Baptists from a shutout. The Prespeterians hit Bradbury off the mound and took advantage of loose fielding in the first two innings. Culbertson's oftening was a feature. pitching was a feature.

S.S.S. GREATEST OF ALL TONICS BECAUSE **GREATEST OF ALL BLOOD PURIFIERS**

Any system that needs a tonic needs also a blood purifier, for it is the weakened and impure condition of the circulation that is responsible for the run-down state of health. We have only to recognize the importance of pure, rich blood in preserving health, to realize the danger of a weakened or impure circulation. The great majority of persons are rapidly coming to understand the importance of preventing disease; they know that a poorly nourished system cannot resist germs and microbes, and that a tonic which purifies and enriches the blood will often ward off a serious spell of illness later on.

That Spring is the most trying season on the health is a fact well known to every one. It is the time of year when our constitutions are required to stand the greatest strain, and unless the system receives the proper amount of blood nutriment the health is bound to be affected. The general bodily weakness, tired, worn-out feeling, fickle appetite, poor digestion, etc., come directly as a result of weak, watery blood.

If you need a tonic, you need a medicine that has real blood puri-

fying properties. A great many so called tonics are mere nerve stimulants, often producing instantaneous exhilarating effect, but acting with decided injury on the system. If your system is weak and rundown you can only tone it up by supplying an increased amount of blood nutriment, and this can come only through pure, rich blood. Any tonic which does not purify the blood is dangerous, because it leaves the impurities in the circulation to constantly prey upon the health.

S. S. S. is the greatest of all tonics because it is the greatest of all blood purifiers; and it is the one medicine you can rely on to supply

the system with the best tonic effects and at the same time thoroughly purify the blood. The use of S. S. S. at this time may save you from a long spell of sickness, and it will certainly prepare you for the strain of the long hot Summer. Many people have put off using a tonic until the system became so weakened it could not resist disease, and have paid for the neglect later on with a spell of fever, malaria, or some other debilitating sickness. S.S.S. is Nature's ideal tonic and blood purifier. It does not contain a particle of mineral in any form, nor does it contain any of the deleterious nerve stimulants that

FEELS BETTER IN EVERY WAY

S. S. S. is a good medicine. I keep it in the house all the while. It is an excellent tonic to give strength to the system and tone to all the physical members. It gives appetite and energy and makes one feel better in every way. I have found it also an excellent blood purifier. For months I was troubled with an itching skin ruption on the face, and tried many specialists and many remedies to get a cure, but S. S. S. is the only medicine that seemed to relieve. I am now free of this cruption. I think a great deal of your medicine, believing it to be the best blood purifier and tonic known to the world today MRS. FRANK HORNER. 1330 East Seventh St., Canton, O,

are used in so many medicines called tonics. S. S. S. tones up the stomach and digestion, rids one of the tired, worn-out feeling, improves the appetite and digestion, and in every way contributes to the upbuilding and strengthening of the entire system. S. S. S. is absolutely safe for persons of any age, and ill who are in need of a tonic will find this medicine exactly suited to their needs. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Season Pass Free

Lincoln opens the Western League season in

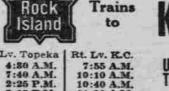

Topeka on Monday, April 24th. To the person who guesses the nearest to the paid attendance on that day the State Journal will give a season pass. If anything prevents the opening taking place on Monday, the guesses will apply on whatever day is the opening. No guesses received after April 20th will be considered, so get in your guess right away. In case of tie, the first one received gets the ticket. The closing of guesses is set for April 20th, so that nobody will have an advantage on account of weather conditions. Be your own prophet and guess on the weather, too, for the kind of a day has lots to do with attendance. Everybody has the same chance, so get in your guess. Last year the opening day was cold and windy and the paid attendance was 2,812. Two years ago the weather was fine and the paid attendance was about 4,000. The 1910 pass was won by a lady, who guessed 2,819. Seal and leave your guess at this office, or mail it. No matter where you live, Topeka or elsewhere, you are eligible.

The name of the person winning the pass will be announced at the ball park the day following the

Fill in the blank below, or one of your own. This form is printed only for your convenience, but get your guess in some time between now and April 20. Baseball Editor, State Journal:-

I guess the paid attendance at the opening game
